

MY SISTERS' PLACE

Power in Partnerships

At My Sisters' Place, we welcome the chance to partner with individuals, community groups and corporations who want to make a real difference for survivors of domestic violence and human trafficking. Together, we can advance our mission while inspiring a culture of compassion and leadership in the workplace. Below are meaningful opportunities for your team to get involved.

Ways to Get Involved

In-Kind Drive: Items on our wish list include: diapers; baby wipes; feminine hygiene products; new, regular-size toiletries; new duffle bags and backpacks, twin bed sheets / bed-in-a-bag

Gift Card Drive: We value the power of choice. Survivors use donated gift cards to regain a sense of independence to purchase items they need in the brands they prefer.

Host a Breakfast or Lunch Information Session: MSP staff will lead a small group in an enlightening informational session (in-person or virtual).

Attend an Event: MSP hosts multiple fundraisers throughout the year. Learn more at mspny.org/special-events.

Holiday Collection Drive: Help brighten the holidays for MSP's clients and their children by collecting:

- Mother's Day Baskets filled with items for pampering and personal care
- Toys (November - January; new and unwrapped)
- Holiday Gift Card Drive

Employee Giving: Create lasting impact uniting purpose and generosity to drive meaningful change in the world.

Who We Are

My Sisters' Place (MSP) works to end violence in intimate relationships and combat the effects of domestic violence (DV) and human trafficking (HT) on adults and children. As a community-based nonprofit organization located in Westchester County, NY, MSP's mission is to create a world in which every individual has the basic human right to be free from gender-based violence and to engage in relationships that embrace the principles of respect, equality, and safety.

Since our founding in 1976, MSP has taken a holistic approach to addressing the complex intersection of issues encircling DV to effectively respond to the changing needs of families and individuals in crisis, providing a path towards safety and healing, and creating pathways to rebuild lives.

MSP's direct services help thousands of individuals each year as they move past the myriad of challenges arising from the experience of DV or HT. Serving clients of all socioeconomic, cultural, and religious backgrounds with multi-lingual and culturally sensitive services to meet their varied needs, MSP provides an accessible, high-quality holistic range of services, designed to address the practical, physical, mental, and social effects of abuse.
